

Brief COMP1130 Announcements

Friday 22/03

Lectures

No week 6 lecture for COMP1130

- In line with plan for such lectures only 9-10 weeks of semester

From after break, lectures to be held in new venue

- Rms 108 & 110 of DA Brown Building 47

Reminder: Moving to COMP1100

The midsemester quiz (released after this lecture) is a good point to assess whether to stay in COMP1130 or re-enrol in COMP1100

- Reminder: 1130 is a *niche* course that everyone is warmly invited to try, but is not designed to be right for everyone
- COMP1100 is the mainstream course providing core skills for the rest of your degree
- Neglecting core 1100 skills to stay in 1130 is *not* a good idea
- Move courses by [contacting CECC Student Services](#) (not convenors, ISIS)

Expectation: you should be comfortably passing the quiz (certainly no less than 60%; preferably 75%)
