SAFETY ALERT
Red Ant Nest Location

Safety Information

Be aware that across campus ants are on the move. There are a number of large red ant nests that are located on or near footpaths. These ants can bite. Bites can cause welts, redness, itching and stinging.

Location to be aware of: Walking path between University House and Graduate House.

Recommendations

- Do not touch or walk near or over ant nests;
- If able, walk around the affected area;
- If you are bitten by ants seek assistance from your local First Aid Officer

Take down: 30/06/2019
Contact: whs@anu.edu.au for additional information
Intended Audience: All ANU
Authorised by: Work Environment Group

Workers are reminded to report all hazards and incidents to their supervisor and through Figtree, the University’s Workplace safety incident and hazard reporting tool.
